

### **October 9/10 2010 Growth Groups**

This is missions weekend. There is no formal sermon-based study for this weekend. As an alternative, consider these activities with your growth groups:

- **Serving together** – find a neighbor and serve them by raking leaves or doing other yard work
- **Praying together** – Do the one-hour of prayer with your group
- **Playing together** – Find a fun activity, a concert, a movie, etc to do as a group
- **Breaking bread together** – Potlucks are always fun. Add the elements of communion and worship to your dinner together to make this even more memorable

### **ADDITIONAL FAMILY STUDIES / HOMEWORK: (October 9 & 10)**

This past weekend, your young person learned about the ministry of Africa New Life. Please take time during the week to have a discussion upon the ministry of Africa New Life utilizing the following questions.

1. Overall, what did you think of the presentation? Why?
2. What are the conditions of the average Rwandan child?
3. What are the basic needs in the country of Rwanda?
4. Is there a way that you could help in this ministry?
